## 👤 Profile

I'm a software engineer with expertise in ReactJs, DotNet Core, Java, and MERN Stack. My passion is building software that solves problems and creates engaging user experiences.

## 🎓 Education

**Specialized Master Degree in Software Engineering for the Cloud,**
*University Ibn Tofail*
2021 – 2022 | Kenitra, Morocco

**Bachelor of Fundamental Studies in Mathematical and Computer Sciences,**
*University Ibn Tofail*
2019 – 2020 | Kenitra, Morocco

**Diploma of General University Studies (DEUG) in Mathematics and Computer Science,** *University Ibn Tofail*
2018 – 2019 | Kenitra, Morocco

**Scientific Baccalaureate (series C),** *Les Amis de l'école*
2015 – 2016 | Moroni, Comoros

## 💼 Professional Experiences

**Frontend Developer,** *Keystone* ⧉
10/2022 – present
+ **Magical Ravers Website:**
  - A Website that will serve an NFT project called Magical Ravers.
  - Working on the frontend development
  - *Integration of web3 technologies*
  - Deployment on an nginx server (azure vm)
  **Technologies**: NextJs | Nginx | Docker | Azure SDK for Js and C# | DigitalOcean…

+ **CSentinel Vm Manager:**
  Basically, a SaaS that provide virtual the ability to run Virtual VM from the Cloud, and a focus on Managing Android X86 on the Cloud easily.
  **Technologies**: ReactJs | Nginx | Docker | QStach | ASP.NET Core | Figma

**Requirement Admin - End-of-study internship,** *Lear Corporation* ⧉
03/2022 – 08/2022 | Rabat Technopolis Sala Al Jadida, Morocco
  **Design and optimization of a requirements export system (BM Rational DOORS)**
  - Integration with IBM Rational DOORS
  - Optimization and improvement of export processes
  - Migration of existing libraries to Dotnet 6
  - Created a CLI and web server for exporting requirements
  - Scheduling of automatic export execution in Windows Server.
    **Technologies used :** DXL | IBM Rational DOORS | ASP.NET Core | SQL Server

## 📁 Projects

**My portfolio (mfaouzi.com),**
*My personal website where I present myself and my career* ⧉
present
- **mfaouzi.com:** The landing page of the portfolio.
- **The Guestbook:** A free comment system on the site to get visitors feedback and signatures.
- **Others features on development:** Blog, Konect
**Technologies**: NextJs | ASP.NET Core | Typescript | MySQL | ML Dotnet | Prisma…

**Leave Management**
09/2022 – 09/2022
  Leave request and management platform that make easy the leave request and management for admind and emplyees.
- **Technologies**: C# | ASP.Net Core | Blazor Web Assembly | Bootstrap | MySQL

**Covid-data,** *Desktop application that displays Covid 19 data* ⧉
12/2020 – 01/2021
- Technologies: Python | PyQt5 | Qss (Qt Style sheet)

**Social share,** *Mini social network*
10/2021 – 02/2022
  A Social Network-like web-app, with a design based on Facebook and other social networks
- Technologies: NextJs, scss, MongoDb, Docker

## 🧠 Skills

**Programming Language**
*C# | Java | Typescript | JavaScript | Python | C++*

**Framworks & Librairies**
*ASP.NET Core | NextJs(ReactJs) | ExpressJs | Spring Boot | ChakraUi, MaterialUi | TailwindCss…*

**Databases | RDBMS**
*MongoDB | MySQL | SQL Server | Redis*

**Cloud Provider**
*Microsoft Azure | DigitalOcean*

**Environments**
*Ubuntu | Windows(10, 11)*

**Virtualisation**
*Docker | VirtualBox*

**Writting & design**
*MS Word | MS PowerPoint | MS Excel | Figma | Inkscape*

**Personnality**
*Smiling | Dynamic | Stress management | Versatile*

## 📜 Certification

**ReactJs (Basic),** *HackerRank* ⧉
08/2022

**Building Web APIs with ASP.NET Core in .NET 6,** *LinkedIn Learning* ⧉
04/2022

**Javascript (Intermediate),** *HackerRank* ⧉
09/2021

## 🌐 Languages

**French**, **English** *(intermediate)*, **Arabic** *(Basic)*

## 🛠 Interests

- Discovering and learning new technologies
- Sci-fi tv shows and movies
- Team Work
